ADDITIONAL APPLICATION REQUIREMENT

Minimum Standards for Licensure **(MCA 37-40-302 & ARM 24.216.502)**

Along with the Lake County application, please include information to demonstrate that you meet one of the following minimum requirements as given in the Position Description.

1. Current licensure as a Montana Registered Sanitarian. Provide documentation of your registration.
2. A bachelor's degree in environmental health from an accredited college or university. Provide documentation. Include an official or unofficial copy of your college transcripts.
3. A bachelor's degree from an accredited college or university including a minimum of 45 quarter or 30 semester hours in the physical and biological sciences, including one or more courses in chemistry, microbiology and biology as an equivalent qualification of a bachelor's degree in environmental health as required by the MCA. Complete the back of this page to demonstrate this equivalency. Include an official or unofficial copy of your college transcripts.

NOTE: Applicants qualifying under Item 3 may be required to successfully complete a course in Microbiology as a requirement to meet licensure as a Montana Registered Sanitarian. This can be done while employed under Sanitarian-In-Training status.

If you have questions, contact:

Environmental Health Degree Equivalency Calculation:

[illegible]

*Asterick one biology course, one chemistry course, and one microbiology course

If your educational record contains a mixture of quarter and semester hours, the calculation to convert quarter hours/semester hours will be determined as follows:

1.0 Semester Hour = 1.5 Quarter Hour (45/30)

$$1.0 \text{ Quarter Hour} = 0.67 \text{ Semester Hour}(30/45)$$
